## 1. Field Work:-

**Inauguration of fieldwork “Anvesh A.Y 2017- 18” presentations**

### **Students presenting fieldwork presentation**

The main objective of this activity was to boost confidence of students, develop their communication and presentation skills, and to make students aware about different social issues and contribute themselves.

## 2. Poster Presentation:-

**Judge evaluating student's creative posters**

**Students demonstrating their posters to faculties & students**

The objective of this kind of competition is to identify students with their talent and to improve their communication, presentation skills. Institute organizes many poster competitions like Best Biography, Srujan (for Environment Awareness among students) etc.

### 3. Project Incubation Center:-

**Project Incubation Center Inauguration**

**MCA Students and Faculties in Incubation Center**

R.C.P.E.T's Institute of Management Research & Development, Shirpur established the Incubation and Innovation Centre in month of January 2015. The Institute will provide all the basic infrastructural support i.e. Software Lab, Mentoring, technical support, networking with Professional Experts, Consultants and advisor of incubatee. In our Incubation Center, we encourage incubate who are interested in internship to challenge traditional thinking and explore new business opportunities. The Center is made up of faculty members & MCA students along with mentors, domain experts and other service providers from the industry, bank sector & health services that are committed to helping their ideas into viable businesses.

RCPET'S IMRD, Shirpur

#### 4. Software Exhibition:-

**Hon. Director Madam Observing Projects in Software Exhibition**

**Hon. Assistant Director Judging Software Projects**

The main objective of this activity is to improve technical skills of students also to improve their confidence level. Students should understand all the phases of software development, Data Gathering, Data Analysis, Design, Coding, Testing etc. By this competition students got an idea about the all phases of software development which will be very beneficial for their future.

## 5. Avishkar Participation:-

**Judges judging students poster at University Level Avishkar**

**Students demonstrating their poster at University Level Avishkar**

Institute promotes innovation and research skills in UG and PG students through Avishkar which is a State Level Interuniversity Research Convention which is aimed at inculcating, promoting and encouraging research attitude among the students at different stages in the university education system.

**6. GBFS (Global Business Foundation Skill Program ):-**

**Students actively participating in GBFS Activity**

**Faculty demonstrating the GBFS Activity**

The main objective behind this training program was to develop soft skill and corporate skills of students. This training program was completely activity based and through different activities like Star Activity, Product making and marketing, Tower Building, Essay Writing, Chinese Whisper, Parts of speech students, students were mentor to develop their communication skills as well problem solving ability.

## 7. Induction Activities:-

**Active Participation of students in Induction Activities**

Induction Program was organized in IMRD for First year UG & PG students. Induction Program is a formal gathering of new students with a view to introduce them to the overall aspects of the institution. It provides them a pathway to reach to their aim and vision of life. In Induction Program different activities and games were organized for students like Stress Management, Time Management, Team Building, Quiz Competition etc.

## 8. Fun Fair:-

**Students learning entrepreneurship skills with enjoyment**

**Faculties Guiding and Motivating with Students at Funfair**

A unique concept of celebration with food and games has been a part of the yearly schedule in IMRD. The 'Fun & Fair' is a kind of 'earn & learn' pattern; where the students put their own stalls of Food or Games corner with a view to earn profit.

## 9. Online Courses (Cousera, Mooc, spoken tutorials etc.):-

### Students Certificate for Online Course

The main objective to run this activity in our institute, to make student aware about the online certifications which was provided by Coursera, SWAYAM, Spoken tutorials etc which is an instrument for self-actualization providing opportunities for a life-long learning. Here students can choose from hundreds of courses, virtually every course that is taught at the university or college level and these shall be offered by best of the teachers in India and elsewhere. Institute provides various facilities to students like Lab availability, Headphones, Mic, Web camera for successfully conduction and earning free online certifications by students.

## 10. Teachers Day Best Message Contest:-

**Students Demonstrating “Teachers Day Best Message Contest” details to Students in front of teachers**

**Students anchoring & announcing Best Message Winner and honored by Teacher**

This activity is conducted on every teacher's day to reach out to the various remote schools & express the gratitude of students towards their beloved teachers in the manner of written messages. Top messages are given prizes & certificates by respective schools which are sponsored by our institute.

## 11. Coding Competitions:-

**Judges Judging Program code**

**Winners awarded with Certificate and Prizes by Hon. Director Madam**

The main objective behind these competitions is to improve technical and logical skills of students. Also students should gain knowledge of basic OOPS concept. Different programs were given to students and using their own logic they have to run it accordingly. Each Winner is awarded with Prize.

## **12. Mini Project:-**

The main motive behind this activity is to make students aware about software development life cycle along with project knowledge. The objective of this mini project is to let the BCA, MMS, MCA and MCA (Integrated) students apply the programming knowledge into a real- world situation/problem and exposed the students how programming skills helps in developing software projects. Each student has one project guide which is allotted by mini project coordinators. The project guide keeps track of project development activities along with solving the critical queries of students regarding software project. This activity helps students to get the overall programming experience which can be utilized in interviews or placements. The institute awards Best mini projects by some prize.

## **13. Chhatra Prabodhini Magazine Campaign**

The basic objective of this “Chhatra Prabodhini” organization is to develop a magazine and other publications focusing youngsters, teachers and parents in order to provide continuous enrichment for the personality development. It publishes a very popular issue on occasion of Diwali, so our Institute is gladly engaged in the distribution of this very useful magazine to reach out to the various students directly, so our institute’s students are involved whole heartedly in reaching out to the masses in the best possible way. Institute allocates the marketing and distribution of these magazines to various areas of Shirpur tehasil. By this activity students learn how to impart their managerial, marketing skills along with their communication and presentation skills. The “Chhatra Prabodhan “organization always acknowledges our efforts by Appreciation Letter on Each year.
