Alumni Speaks:

Our alumni are huge assets for institute, and hold significant positions in various national and international reputed organizations in India and overseas. They are a continuous source of inspiration for our students. Our alumni have brought great glory to our institution. Our present students will proudly follow their examples in the years to come and for this we are trying to write about the experiences of our alumni in a new column “Alumni Speaks” in every issue of the e-bulletin.

1. **Name of Alumni** :- Mr. Charudatt Dileep Sonawane
2. **Qualification** :- MCA
3. **Year of Passing** :- 2010
4. **Company Name & Location** :- Cognizant , Pune
5. **Designation** :- Technical Lead
6. **Memories of IMRD:** - Education in IMRD is the best time of my life. Things end but memories last forever. I've learned that our best friends become kind of family, we eat together; we fight, laugh, cry, and do absolutely nothing together until we can't remember how you ever lived your life without them in the first place. Time passes... Memories fade... Feelings change... People leave... But hearts never forget... Whatever relation we build up in this world, the only thing that remains is the loneliness...With lots and lots of memories.
7. **Journey after IMRD:-** I started my Journey after completing MCA and started job in IT industry as fresher (Software Developer) in .Net Technology. Now currently working as Technical Lead in Top MNC company - Cognizant, Pune.
8. **Message for current students of IMRD:** - I would suggest you firstly enjoy your college life and focus on your career path. Do more practice of resolving aptitude questions; it will better help with the selection process on campus interviews.
9. **Message for IMRD Faculty Member:** - I would recommend to faculty member, please start the mentorship program at the college level. Professor as Mentor and Student as Mentee.
Example- One professor can take final year 10 students under him and guide them before attending any campus interview.
 - a) Before attending any campus interview take first mock interviews for students.
 - b) Ask questions like strength and weakness in mock.
 - c) Career objective
 - d) Short term and long term goal
 - e) Guide student to find their area of interest and which technology skills he / she is looking for (Development / Testing / Design etc...).
 - f) Benefit of the mentorship program is to increase your student campus selection ratio in Top MNC Companies.

We are thankful to Mr. Charudatt for his valuable suggestions. We have already implemented a mentor-mentee system effectively from August 2021. The objective of this system is to accelerate the personal and professional development of mentees. This is achieved by providing mentees with guidance, advice and feedback from mentors. Such quality suggestions are always welcome from alumni.
