Additional information: Soft Skills and Personality Development Program among students (SSPDP)

Most of the students have vernacular back ground. They have come from villages & other states. Besides communication problem, the syllabus understanding & facing exams (oral & written) in English is a big challenge for them. Many of the students may not have basic concepts of the subjects as they were not taught about the importance of basic concepts at Intermediate level. Students are also not aware of the skills which are required for employability in the industry.

One Day Workshop on Field Work 29th July 2018

Workshop on Field Work

UG department of IMRD organized 1 day field work workshop for all TYBCA, TYBBM, and TYBBA students on 9th July 2018.

The aim of this workshop is to help and develop an emerging field at the intersection of multi-disciplinary understandings of social issues and education. Its aim is to explore and develop new perspectives in this area.

- The student will obtain extensive and varied opportunities to utilize and build upon the theoretical and empirical knowledge gained during the fieldwork toward preparation for practice.
- Demonstrate clear, concise, correct style in field work report writing.
- The student will develop and demonstrate the skills of critical thinking.

It was in-house training program by Mr. Yogesh C. Sethiya UG faculties for the final year students. Field work workshop for all final year students was conducted in IMRD to make students ready and make them aware about the overall understanding of the Field work. This workshop gave clear idea on how to choose Field work topic? How to do research on respective topic? How to gather necessary data? How to analyze? How to conclude? Etc. In this session he guided students about importance and effective Field work report.

Mr. Sethiya demonstrated clear, concise and correct style in field work report writing. Through the workshop the students developed and demonstrated the skills of critical thinking. This workshop was very fruitful for all students through which they came to know importance of research and importance of field work. All the UG faculties and UG HOD gave their great support to make this event successful.

Presentation on Etiquettes and manners imparts basic value on behavior in students in & outside campus also. There are various incidences where students have returned valuables or money to the office. Thus in real life also students learn the real human values.

Communication skills and personality development activities are making the basic English & overall personality aspects to be strong amongst all. Motivational, confidence building, Social Awareness Videos etc. are shown to students which make them confident to face the outside environment with a new zeal. It boosts their energy levels. Social awareness problems have made students to contribute in the huge numbers in the recently organized event, students voluntarily & actively participated in the event for a social cause.

Problem solving activities, team building, event management, time & stress management are conducted during induction to make the students understand the importance of the soft skills as well as their career objectives clearly.

IMRD passed out students are successfully holding managerial positions in the industry. Though we are new in the industry we promise to supply quality products to society which are valuable assets for us too. Alumni interaction is organized to bridge gap between present student and past students. Institute organizes such event, in this event we communicate not only with technical skills but also answer the current student's queries. IMRD arranges Induction programme to have a friendly relationship atmosphere among the new entrants & seniors. There is a tradition of 'tilak welcome' to the first year students & this act has real time effects on maintaining mutual helping nature. They feel comfortable in sharing their initial issues & this helps in preventing ragging incidents in the campus. There has not been a single incident till date of ragging as the budding education is imparted in them during such activities. From the first day in the institute the new students feels as if he is already a part of IMRD & its rich culture. He develops a special bonding that prevents him or her from dropping out of the institute. Hence the dropout rate is zero. There has been more number of girls than boys in the courses across under graduate & post graduate. The reason is quite obvious that this place is quite safe for the women due to presence of various activities on ethics & moral values during the induction program. Parents do visit the institute, teachers & express the gratitude.

Finally it can be concluded with a note that all students follow strictly the code of conduct taught to them during all these Induction process. All the above activities & life time success of IMRD alumni is only because of its Induction program.
